SAFCO

Dishwasher EW393

Eurowash is manufactured by the Eurotec group, one of the world's major dishwasher manufacturers.

Over 800,000 dishwashers have left the factory, building a great reputation for quality, experience and expertise.

Eurowash products are proudly distributed by SAFCO Ltd.

Nationwide Service and support is offered 24 hours 7 days per week

Eurowash EW393 features easy removable wash and rinse arms and scrap trays for cleaning. Patented anti clogging wash arm design constructed from Stainless steel for long life. Complete with built in rinse detergent and rinse aid pumps installation is simple and quick. Eurowash EW393 comes complete with one cup rack, one plate rack and one cutlery rack.

Eurowash EW393 Hood Type Dishwasher

The space-saving Eurowash EW393, offers a 400mm high, wash chamber for pass through operation, within a compact footprint. The operator may select from a 90, 120 or continuous wash cycle to rapidly wash any kind of kitchenware.

A massive 400mm door opening and 500mm x 500mm rack allows for larger plates, platters and GN containers with ease.

The patented Hood lifting system reduces the opening weight to just 3 kilos, that is less than a third of the ordinary designs.

Thanks to the advanced technology, the EW393 wash pump delivers an amazing 380 litres of water per minute through the stainless steel top and bottom rotating wash arms, to produce consistent, sparkling results.

The latest generation, user-friendly, Smartronic Control Panel, offers one-button colour-code controls, all within easy reach. You have a choice of three different wash cycles, to handle from the lightest to heaviest of cleaning work. A display panel shows exactly where you are in the cleaning cycle at any time.

Safety is paramount in food preparation and the Euro's hygiene is impeccable. Thermostop feature ensures set temperatures are reached. The built-in energy-saving setting, ensures higher efficiency and lower running costs.

Water consumption is restricted to an amazing 2.9 litres, per cycle regardless of the total wash time, you save water, electricity, chemicals and money!

The Eurowash Compact EW393 Dishwasher, part of the new Safco solution in commercial kitchens.
